

BEAM
Electrolux

There's a Beam system to match your cleaning and healthy home needs.

Cleaner, healthier living. Built in.

Beam Serenity IQS
— the intelligent choice.

The Beam Serenity IQS utilizes the best of the Beam Serenity QS with added intelligence. The bright blue liquid crystal display (LCD) provides real-time information showing performance efficiency, when to check the collection receptacle, when to contact a dealer and the time and temperature.

Beam Serenity IQS
— the quiet leader.

With the introduction of the Electrolux Control System, the Beam Serenity QS series is the new standard in cleaning power and performance. With the patented Quiet Pac™ sound insulation system, the Serenity QS models are engineered for installation where noise is a factor.

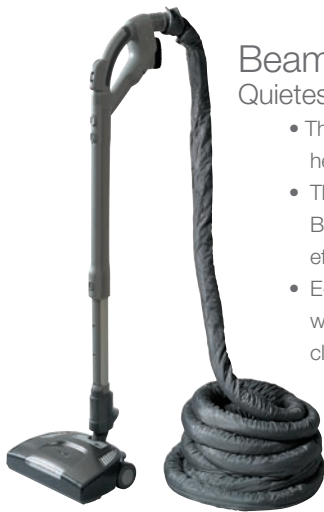

Beam
— the popular performer.

Supported by more than forty years of product design and development, in combination with the Electrolux Control System, the Beam Line represents the core of the Beam power unit line.

Beam® Power Teams™ clean virtually anything... for whole-house cleaning convenience!

With each Beam® Power Team™ you get the proper tools to easily and thoroughly clean any floor surface and virtually anything above the floor! Each Beam® Power Team™ includes an electric power brush, lightweight 30' crushproof 1-3/8" diameter electric hose, a dusting brush, wall/bare floor tool, crevice tool and upholstery nozzle. Optional accessories let you easily clean window blinds, ceiling fan blades, beneath the refrigerator and more. You can even groom your pets!

Beam® Q Quietest electric power head on the market

- The Q features the quietest electric power head available
- Three levels of height adjustment provides Beam's highest level of carpet cleaning effectiveness
- E-Z Change™ release lets you disconnect wand from powerhead for quick touch-up cleaning

Beam® Solaire Extreme Duty Engineered for reliability

- The Solaire has an electric power brush and a no-slip cogged belt
- Solaire's floating height adjustment automatically adjusts to carpet height
- E-Z Change™ release lets you disconnect wand from powerhead for quick touch-up cleaning
