VX475 Power Unit

Designed for smaller homes up to 4,000 square feet or budget minded consumers. This power unit features a specially designed 2-stage motor that delivers 475 air watts of power. It's the most powerful power unit in its class. The unique oval shape offers space saving advantages.

FEATURES:

- Internal sound suppression system makes it the quietest power unit in its class.
- Easy access door for easy bag changing.
- Oversized debris pail handles make for quick and easy pail removal.
- Large six gallon filter bag with self closing collar, minimizes exposure to dust and dirt when changing the replaceable bag. Typically needs changing only every 6 months!
- Dual vacuum air intakes allow for connecting to the trunk line from the right side, left side or both.
- Six foot long power cord.
- UL Listed
- 2 Year Warranty
